

Parents

Thank you so much for attending our parent meeting last week. We were thrilled to have Grace Gallagher, The Director for the Cameron K Gallagher Foundation, visit our school to introduce our new partnership and outline their program being offered for our students beginning on April 18th. For those who were not able to attend, CKG has provided an outline of the program.

- Our first student meetings will be held on April 18th during an advisory session. Young men and women will be separated to listen to a speaker who will share their experiences. These meetings are for ALL Students!
- After the meeting, students will have the opportunity to sign a commitment to attend the follow up sessions for six sessions (1 per week) to be held during Friday One Lunch. The session will last for 30-45 minutes.
- General topics of those sessions are also outlined below.
- Please reach out to Guidance to discuss the opportunities for these important topics that affect our students.
